Description of series and its contents:

These reports give an overview of the College's operations including a general survey of college development, finances, enrollment and curriculum summaries, physical facilities, entrance requirements and other subjects. There was no legislative session for the year "1895" and consequently no report was issued by the board. For the period from 1944-1959, there is one general eight year report instead of a series of annual reports. The annual reports for the fiscal years extending from 1955-1959 were not published.
